HOW TO PERSONALIZE

1. Click the button above and sign in to Canva (a free account works).
2. Click **"Use template"** — this saves your own copy to your account.
3. Click any text to change names, cabin number, dates, and places.
4. Click **Share** → **Download** → **PDF Print** and print all 4 pages.

PRINTING TIPS

- Cabin doors are metal and most cruise lines don't allow tape — print on **printable magnet sheets**, or use strong magnets or magnetic clips.
- Print at 100% / "actual size" on 8.5 x 11 in. paper or cardstock. Laminating helps your signs last all week.
- "Where Are We?" sign: place a small magnet on the circle to show where your crew is!
- Please check your cruise line's door decoration rules before you sail.
